Enrollment as of January 31, 1942: 53

We have been very fortunate in retaining the majority of our last year's teachers, namely: Mrs. Manora Clayton, Mrs. Bertha MacDonald, Miss Eleanor Parker and Mr. Norman Hartfiel. We added to our teaching force this year Miss Eva Sanborn, who is teaching at the Corner School and Mrs. Norman Hartfiel, who is doing substitute work in the high school building; Mr. John Shaw, the regular teacher, having been called into the service. I am pleased to report that your schools are going along very smoothly and you have cause to be proud of them.

In my last report it was shown where considerable repairs were made to our elementary schools. Therefore, it was not necessary to make major repairs of any kind this year. The usual minor repairs are being taken care of.

Miss Eva Heney, our capable school nurse, has examined all our children. She has tested their hearing through the use of the audiometer which was loaned us by the State Board of Education. Miss

Heney plans to hold a dental clinic sometime in the not too distant future. This is a very worthwhile clinic and it is hoped that parents will avail themselves of the opportunity to have their children's teeth cared for. May I suggest that you refer to Miss Heney's report for a more detailed account.

In closing may I express my appreciation to the members of the School Board, teachers, parents, and pupils for the splendid cooperation they have given me in helping to make the Madison schools successful.

Respectfully Submitted,

HAROLD A. TRUELL

REPORT OF MADISON SCHOOL NURSE

Report of the Health Work done in the Madison Schools during the past year.

School Visits 55

Pupils examined 89

Physical examinations, including height, weight, and vision tests have been made on all of the school children in Madison.

Result of examinations:

Defective vision: 16. (11 are wearing glasses)

Defective teeth: 58.

Enlarged tonsils: 7.

The State Board of Education loaned us an audiometer. A hearing test was done on 83 pupils. 81 of the children came within the normal range of hearing. One has a slight hearing defect.

Arrangements are being made for a dental clinic to be held early in the spring, in the High School Building with Dr. Deneault of Meredith in attendance. Clinic rates will be one half the regular dental rates. We hope that all of the school children needing dental work will take advantage of the clinic.

The cooperation of the Superintendent, members of the School Board, Teachers, Parents and the Woman's Progress Club has been very much appreciated.

Respectfully Submitted,

EVA A. HENEY, R. N.
